WELCOME NOTE OF THE COURSE CO-DIRECTORS

Dear colleagues,

Microsurgical and minimally invasive techniques have gained increased importance in spinal surgery in the last years. They have become the gold standard in the treatment of a variety of pathologies of the spine and represent the ongoing evolution of surgical techniques towards more tissue-sparing approaches.

The more sophisticated a technique, the more important training and education becomes. Our past international microsurgical wet labs, a joint venture of Schön Klinik Munich Harlaching and the Department of Anatomy of the Ludwig-Maximilians-University, were a great success and have encouraged us to proceed with this teaching concept.

We proudly announce the 28th Course on Spinal Advanced Microsurgery 2025, a hands-on cadaver course on posterior approaches to the lumbar spine.

It would be a pleasure for us, the faculty and the organisers, to welcome you in Munich from 9–10 October 2025!

Sincerely,

Christoph Mehren Ralph Kothe

Sponsoring of equiment

Brainlab Sales GmbH Carl Zeiss Meditec AG Centinel Spine DePuy Synthes MEDICON eG

We will provide a variety of different similar products that the participants can use beyond the sponsored ones.

ORGANISATION AND IMPRINT

Venues

Theoretical part (9 October 2025)
Brainlab Tower I Auditorium
Olof-Palme-Straße 9 I 81829 Munich

Hands-on part (10 October 2025)

Department of Anatomy Ludwig-Maximilians-University Pettenkoferstrasse 11 | 80336 Munich

Course co-directors

Christoph Mehren, Spine Center Schön Klinik Munich Harlaching Ralph Kothe, Spine Center Schön Klinik Hamburg Eilbek

Faculty

Hassan Allouch (Stuttgart) Sarah Eberhard (Oberkochen) Nils Ehrke (Munich) Andreas Korge (Munich) Ralph Kothe (Hamburg) Andreas Kramer (Munich) Michael Mayer (Munich) Christoph Mehren (Munich) Luca Papavero (Hamburg) Simon Peh (Munich)

Certification

An application has been submitted to the European Accreditation Council for Continuing Medical Education (EACCME) for European CME credits, ECMEC and the State Medical Association of Bavaria.

Registration

The registration is only possible online at www.sam-course.de. The number of participants is limited. Due to high demand, we recom-mend registering as early as possible.

Your key to minimally invasive surgery

SPINAL MICROSURGERY 28

Anterior and posterior approaches to the cervical spine

HANDS-ON COURSE

9–10 October 2025 Munich, Germany

PROGRAMME

www.sam-course.de

THURSDAY, 9 OCTOBER				FRIDAY, 10 OCTOBER 2025	
08:00	Registration	13:00–15:00	Surgery of the anterior cervical spine – surgical techniques	Hands-on cadaver workshop	
08:30–10:10 Moderator	Introductory lectures Luca Papavero (Hamburg)	Moderator	Ralph Kothe (Hamburg)	08:30-08:45	Instructions to microscopic set-up Zeiss et al.
08:30	Welcome, introduction and course details Nils Ehrke (Munich), Ralph Kothe (Hamburg)	13:00	The fusion-philosophy Andreas Korge (Munich)	08:45–15:00	Breakout session – Navigation and instrumentation with RealSpine
	Christoph Mehren (Munich)	13:20	Vertebrectomy and defect support Hassan Allouch (Stuttgart)	08:45–12:00	Hands-on cadaver workshop – Posterior
08:45	Are learning curves acceptable for our patients? Michael Mayer (Munich)	13:40	The non-fusion philosophy (cTDR) and hybrid strategies	Moderator	cervical spine Christoph Mehren (Munich)
09:10	Intraoperative imaging and navigation in spinal surgery		Christoph Mehren (Munich)		Keyhole foraminotomy Luca Papavero (Hamburg)
00:40	Ralph Kothe (Hamburg)	14:00	Complications in cervical spine surgery Ralph Kothe (Hamburg)		Laminoplasty
09:40	Innovations in minimally invasive spine surgery – the clinical benefits of an advanced visualization system	14:30	Coffee Break		Ralph Kothe (Hamburg) Posterior fusion techniques
	Sarah Eberhard (Oberkochen)	15:00–17:00 Moderator	Challenges in cervical spine surgery Christoph Mehren (Munich)		N. N.
10:10	Coffee break			12:00 – 13:00	Lunch
10:30–12:00	Surgery of the posterior cervical spine – surgical techniques	15:00	Degenerative cervical myelopathy Ralph Kothe (Hamburg)	13:00–15:00	Hands-on cadaver workshop – Anterior cervical spine
Moderator	Andreas Korge (Munich)	15:30	Poor bone quality in instrumented patients N. N.	Moderator	Ralph Kothe (Hamburg)
10:30	Keyhole foraminotomy Luca Papavero (Hamburg)	16:00	Augmented reality in microscopic spinal navigation Andreas Kramer (Munich)		Fusion and non-fusion (cTDR) Christoph Mehren (Munich)
10:55	Posterior fusion techniques of cervical spine (incl. C0 and C1/2) Ralph Kothe (Hamburg)	16:30	Case discussions faculty and participants		Vertebrectomy and defect support Hassan Allouch (Stuttgart)
11:15	Laminoplasty (incl. pinzer stenosis) Luca Papavero (Hamburg)	16:45	Questions and Answers	15:30	End of the course, certificate and farewell
11:40	Instrumentation of the cervico-thoracic junction N. N.	20:00	Dinner		e a a a a a a a a a a a a a a a a a a a
12:00	Questions and answers				Adobiestro
12:15	Lunch				Zerranio O
